

STORE SAFETY WORKAPP

Prevent financial and reputational risks

WHY SHOULD YOU USE THIS WORKAPP?

Small misses can lead to large losses, both financial and reputational. With this all-in-one Store Safety WorkApp, prevent accidents and unpleasant incidents and ensure that every store is safe for employees, customers, and merchandise.

The store team does a store walkthrough and checks all areas that are a potential safety risk. The Store Safety WorkApp covers areas leading to Fire, Electrical, Health & Hygiene, and common Accident risks. The store team opens the WorkApp on a mobile device and reports observations on all areas highlighted in the WorkApp with evidences to support. A structured form with several mandatory fields ensures that no critical areas are ever missed, anywhere anytime drastically reducing risks.

Automated data aggregation and reporting across levels provide visibility into safety risks if any and insights to enable timely interventions and/or corrections. Contextual Tasks help drive timely action on non-compliances and identified issues

Automated reminders reduce mundane but necessary follow-up efforts while building accountability. The Notification framework helps bring timely attention to misses.

WHAT DECISIONS DOES THIS WORKAPP POWER?

- Identify top issues and misses to drive decisions and actions
 - Get insights into process compliance and identify where intervention is needed
 - Track correction of non-compliances and identify areas for interventions

WHEN IS THIS WORKAPP RIGHT FOR YOU?

This WorkApp is beneficial for all retailers.

STARTING WITH THIS WORKAPP IS EASY

You can be up and running on this WorkApp within 4 hours! All you need to do is to upload your store and user list on Wooqer and invite them to use the WorkApp. You may also want to make a few configuration changes like Add or remove fields or sections and choose where response/evidence is needed and where it is mandatory or optional.

Starting with the WorkApp does not require external support, but consider support or a Wooqer Creator training in case you need to make significant configuration changes to the WorkApp.

THE WORKAPP IS BEST IN CLASS

The WorkApp brings in years of on-ground experience enabling safety at 40000+ stores across geographies. It is optimized based on these learnings and can handle practical challenges like poor or no network scenarios and most important electrical, fire, health & Hygiene, and accident prevention checkpoints.
